

Maths Chapters Group

1. Fundamental of maths 1(Sets & Log) + Quadratic Equation.
2. Sequence and series + Binomial Theorem + Trigonometry.
3. Permutation Combination + Probability
4. Straight Line + Circle.
5. Solution Of Triangle + Fundamental of maths 2 (Graphs & Irrational Inequality)
+ Mathematical Reasoning
6. Conic Section + Statistics
7. Relation Function ITF(inverse trigono Func.)
8. Limits Continuity Derivability + Differentiation
9. Application Of Derivatives + Indefinite Integration
10. definite integration & its application + Complex Numbers
11. Vector and 3D
